CLICK-N-LOCK TILES® EDEN COLLECTION

Introducing the modern touch. It is true that when it comes to designs, contemporary looks are hard to ignore. And the same holds for Eden Collection of Click-N-Lock Tiles® from Welspun Flooring. These premium tiles, speak for themselves with their three distinct finishes. If you want the elegance of traditional wood with its rich and natural textures, then the wooden finish of Eden Collection should be your choice. These carefully crafted designs comes with a wide range of wooden finishes from dark to light shades to satisfy all your exquisite needs. And if you want to bask in the sophistication of the modern designs, then the stone finish from Eden Collection is what you need. These tiles are greatly inspired by modern stone and marble designs like the Statuario, the Bottonchino and many more.

With the Eden Collection, these designs have been re-imagined to a whole new level. Let's say classical is not your taste and if you want something out of the ordinary that is sure to turn heads, then the Vogue finish is for you. These striking and bold textures demand attention like no other. There is a wide range of solid, vibrant and neutral colors to choose from, each with a distinctive flavor of its own. Regardless of what you desire, every single tile from the Eden Collection oozes of innovation and class.

Their beauty extends to their properties too. These tiles are easy to clean, the installation is completely noise and dust free and is done in less than a day without the use of adhesive, water or grouting. Where conventional tiles may break or crack under heavy load, our tiles are tested to endure loads of over 500 N, and 225 Kg of rolling loads with absolute ease. Not just durable, Eden Collection provides the best value with the total cost of ownership (from placing the order to installation and after service) significantly lower than conventional tiles. And with a 5 year warranty, your peace of mind is guaranteed.

An all-rounder performer in every way. From everyday scratches, scrapes to wear and tear, these tiles can handle them effortlessly thanks to its ScrapeGuard™ technology which protect the tiles from scratches and scrapes. Your accidental spills and splashes are no longer a concern as these tiles are equipped with StainProtect™ to shield them from any stains, because of which even cleaning them is a breeze now. To go the extra mile in providing underfoot comfort, these tiles are equipped with (IXPE) Cushion backing which offers superior foot comfort and sound absorption for the floor that is your space of Zen and peace. And with tiles that can be mixed and matched, to create unique designs and patterns, for your kid's room or for the neighborhood café, the possibilities are endless. So why go anywhere else?

Click N Lock Tiles®

Click-N-Lock Tiles® are a revolution in flooring, thanks to its innovative Wel-Lock™ Technology. It enables the tiles to be laid with minimal effort and expertise in less than a day*. Aesthetically appealing in multiple finishes, they are highly durable.

The main content in our Click-N-Lock Tiles® is its Stone Polymer Composite (SPC) core. This composition of stone infused with polymer molecules, act as a binding agent, giving us best in class strength and makes the tiles water proof and UV resistant. These tiles are also thin and light without compromising on strength and durability of the locking mechanism.

The lack of any organic material makes our products anti-microbial and termite proof. Also, every one of our Click-N-Lock Tiles® products have recyclable content which makes them sustainable too.

*- T&C apply

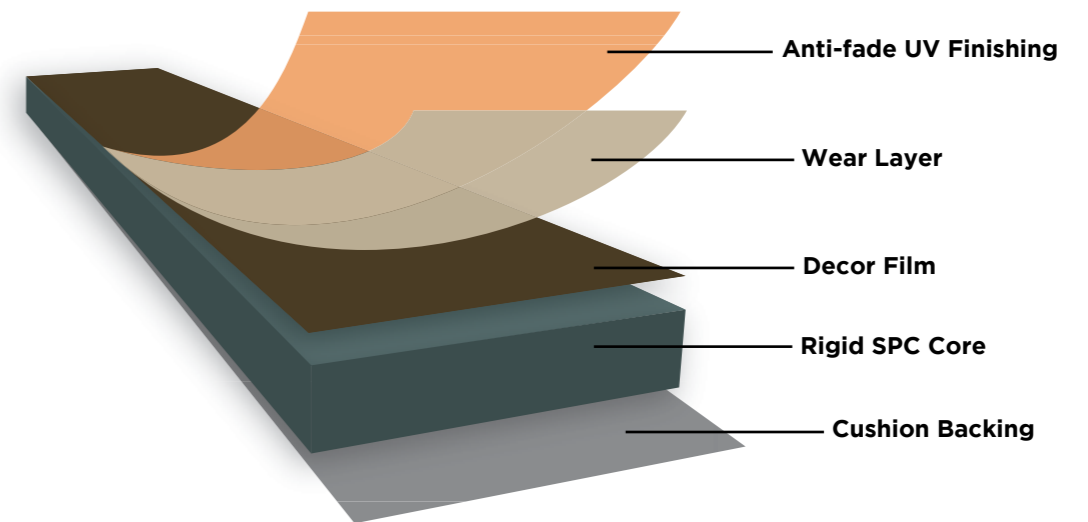

Structure

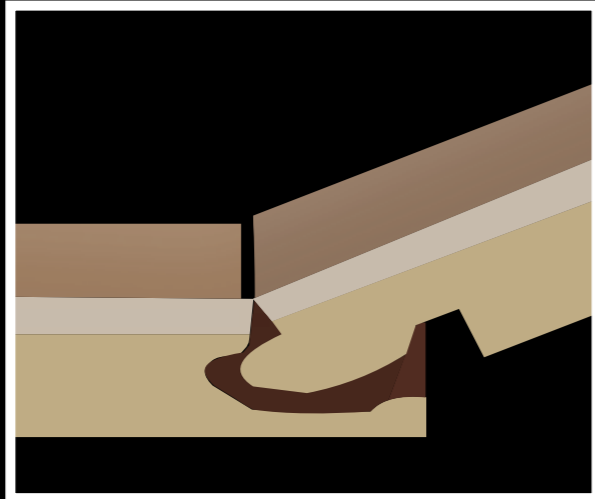

The main contents of Click-N-Lock Tiles® core are polyvinyl chloride, natural limestone and stabilizers. These tiles combine the strength of stone and the beauty of multiple finishes with four layers designed to resist wear and retain a luxurious look for decades.

Click-N-Lock Tiles® features include dimensional stability, waterproofness, indentation resistance against high density core. It can be installed on different types of floor bases - concrete, epoxy and ceramic.

It is perfect for residential and commercial applications.

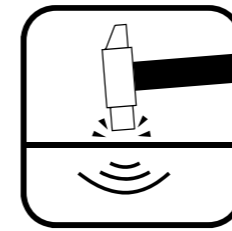

Wel-Lock™ Technology

Our Click N Lock tiles® come with Wel-Lock™ technology which allows the tiles to fit into one another in a unique locking mechanism. This ensures strong locking at the joints and makes installation a quick and effortless process. It also ensures that you get that beautiful seamless look on the floor. It's not just a lock, its Wel-Lock™ !

Trademarks & Technologies

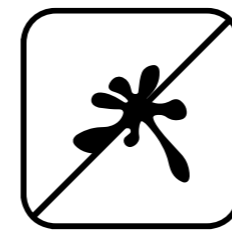

FloorNdure™

Welspun Flooring's Click-N-Lock Tiles® with FloorNdure™ technology comes with solid durability. It has proven to take on the static weight of a Sports Utility Vehicle weighing 1700 kg without having a blemish on it. Incredible isn't it? With FloorNdure™, our hard flooring really go the distance when it comes to strength and durability. And why not? After all, flooring is where the foundation of a home is.

ScrapeGuard™

Floors in our homes, go through several everyday scratches and scrapes. Welspun Flooring's ScrapeGuard™ technology uses a layer with UV coating on our Click-N-Lock Tiles®, that offers protection to the design underneath from scratches meanwhile retaining the look and longevity of the tile. So, you can say goodbye to the everyday scratches and scrapes.

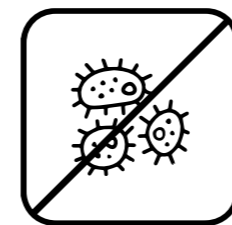

StainProtect™

Stains and spills are unavoidable on the floors of our homes and some stains can leave behind a permanent mark. But with our StainProtect™ technology, you will leave a lasting impression but not marks. StainProtect™ layer is specially designed to offer superior stain resistance, to keep your floor always clean and sparkling. Now, go and make that splash!

Cushion Backing

Quiet homes add to our mental comfort & tranquility. With Welspun Flooring's superior backing technology on our Click-N-Lock Tiles®, experience quieter floors. The felt backing applied under the tiles provide acoustic absorption, reducing the feet tapping and enhancing sound insulation. Talk about Zen flooring!

GermiShield™

Health of our loved ones come first. That is why it is very important that we keep our homes clean and germfree. To fight against these invisible forces of nature, Welspun Flooring's Click-N-Lock Tiles® come with innovative GermiShield™ technology, which restricts the growth of harmful germs or molds on the floor. Healthy homes, begin with healthy floors.

Why Click N Lock Tiles® ?

 Less than a day installation	 Can be installed on existing floors	 Mix & Match	 Water Proof
 Stain Protect™	 Scrape Guard™	 Fire Resistant	 Termite Proof
 Weather Proof*	 Dust Free Installation	 Glue Free	 Green Product
 Hassle Free Logistics	 Easy to Carry	 Recyclable	 Less Dead Weight

Welspun Accessories

Seamless Finish for your Click-N-Lock Tiles® Flooring

If you are looking for the perfect accessory to complement your floor, then look no further. Welspun Flooring's accessory range is carefully crafted to match any design of Click-N-Lock Tiles®. These accessories are as beautiful as they are durable. They come with a wide range of colors and shades to enhance the look of your tiles to a whole new level.

A class apart, these accessories always create the perfect finish for Click-N-Lock Tiles® to make your floor look like a masterpiece. Capturing the sleek and shine of metal perfectly, our metal accessories are sure to give a lustrous look that is meant to last long.

The primary types of accessories are Reducer, T-Molding, Skirting and Quarter Round.

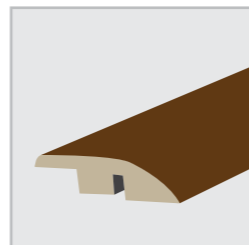

Aluminium T Moulding (AC: 3000002)

Made from aluminum, the T-Molding accessories are designed to join two different tiles together.

Aluminium Reducer (AC: 3000001)

Used to join two edges of unequal heights, these aluminum reducers do the perfect job in joining the tiles to the base floor seamlessly.

Skirting

To create beautiful transitions from the tile edge to the floor, Skirting are made from Stone Polymer Composite and comes in over 11 solid colors.

Size: 80mm (W) x 12mm (H)

Available in colours:

AC: HFSK00001 Colour: Almond Milk	AC: HFSK00002 Colour: Brilliant White	AC: HFSK00003 Colour: Croissant	AC: HFSK00004 Colour: Vapor Blue
AC: HFSK00005 Colour: Cashew	AC: HFSK00006 Colour: Flint Gray	AC: HFSK00007 Colour: Tiger's Eye	AC: HFSK00008 Colour: Falcon
AC: HFSK00009 Colour: Cashew	AC: HFSK00010 Colour: Anthracite	AC: HFSK00011 Colour: Black	

Quarter Round

Created from Stone Polymer Quarter Rounds come in over 11 solid colors. They are used to join the edges of the floor to the wall.

Size: 28mm (W) x 15mm (H)

Available in colours:

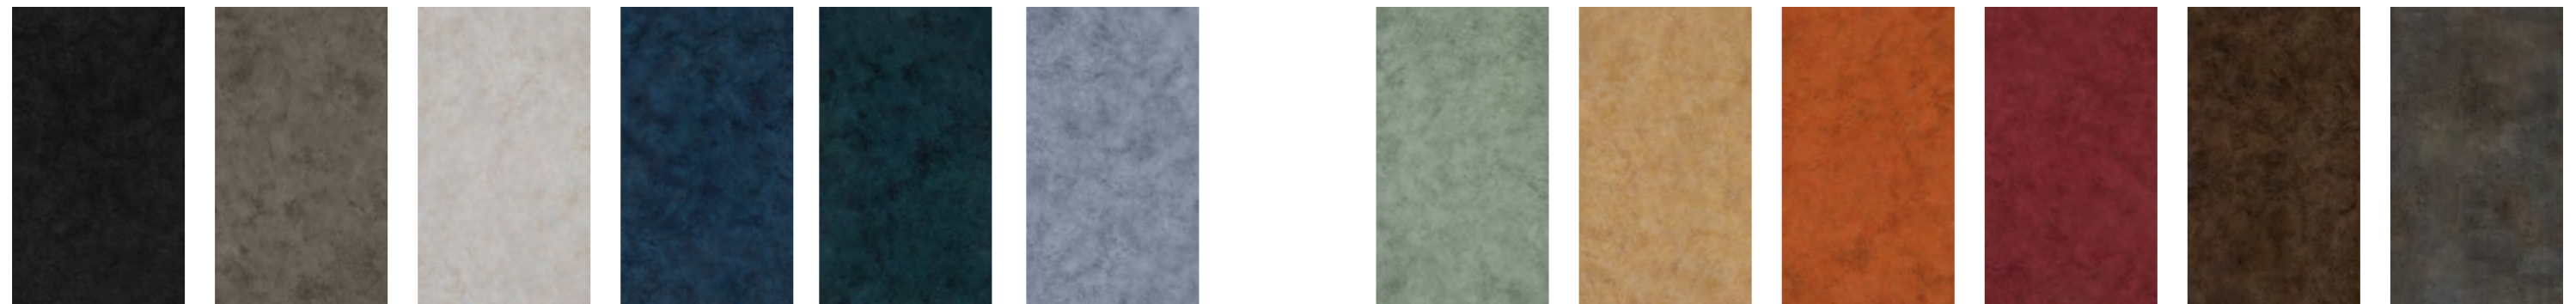

AC: HFQR00001 Colour: Almond Milk	AC: HFQR00002 Colour: Brilliant White	AC: HFQR00003 Colour: Croissant	AC: HFQR00004 Colour: Vapor Blue
